<b>Course Cluster</b>	Humanistic Course (MKH)	<b>Prerequisite</b>	Introduction to Business

**2. Course Description**

This course is designed to help students to understand, analyze and describe moral problems in business and ways to overcome them. In addition, this course also aims to enable students to behave and make ethical business decisions. The course provides students with presentation of business-related cases in addition to theoretical perspectives and discussions on the nature of business in a complex, dynamic and global environment. These topics include the corporate social contract and corporate social responsibility, issues involving ethics, morality and moral reasoning, and their role in business, the ethical aspects of business activities and the way to create and maintain an ethical culture.
