

**PARAHYANGAN CATHOLIC UNIVERSITY
FACULTY OF SOCIAL AND POLITICAL SCIENCE
DEPARTMENT OF INTERNATIONAL RELATIONS**

Course: Global Migration -
Number of Credits: 3 credit points
Semester: Even Semester

Learning Aim	Students are able to analyze global migration issues using relevant theories and concepts, based on an interdisciplinary approach
	Students are able to understand global governance in the context of migration
	Students are able to formulate proposed solutions to a global migration issue

Course Description	This course aims to provide theoretical and practical knowledge about global migration. Theoretical knowledge is focused on discussing relevant theories and concepts in international relations used to analyse global migration issues. Practical knowledge is focused on discussing current issues related to global migration and understanding global migration governance. This course is also enriched with practical knowledge gained from interactions with practitioners and actors related to global migration governance.
---------------------------	---

Course Study Materials	<ol style="list-style-type: none"> 1. Global Migration: General Concept, Background, and Scope. 2. Theoretical Approaches in Global Migration Analysis. 3. Types and Characteristics of Global Migration. (2 meetings) 4. Migration Infrastructure 5. Migration Governance in Regional and Global Frameworks. 6. Relationship between Migration and Development. 7. Global Migration and Fulfillment of National Interests (Sending and Receiving Countries) 8. Fulfillment of Human Rights in the Global Migration Process 9. Global Migration in the Perspective of Multiculturalism and Social Integration. 10. Issues and Challenges in International Migration 11. The Future of Global Migration.
