Description

Acicis' Law Professional Practicum (LPP) is designed for students who do not necessarily have Indonesian language skills or experience in Indonesia but wish to gain experience of Indonesia's legal system. The LPP will provide Australian (and international) law students with an introduction to the Indonesian legal system and an opportunity to put legal theory and analysis into practice within an Indonesian context.

Indonesia's legal system is characterised by complexity and pluralism. It is the product of inherited colonial European civic and criminal codes, seventy years of post-independence legal reform under both authoritarian and democratic regimes, as well as residual – and often overlapping – bodies of pre-colonial, Islamic, and customary adat law. With increasingly important commercial, trade, tourism, and security links between Australia and Indonesia, understanding the legal system of Australia's northern neighbour has never been more important.

Professional Placement Organisations for the month-long professional placement include a broad range of firms and organisations operating within Indonesia's legal sector, including, but not limited to, those practising in the fields of: commercial, industrial, environmental, international, human rights, administrative, and Islamic law. Placements will give students the chance to engage with the complexity of Indonesia's legal system.

The LPP is designed as an academic credit-bearing university program that meets requirements for work integrated learning modules and other practicum-based courses at Acicis member universities. The LPP is a competitive entry program with an anticipated limit of 30 participants per program iteration.

Aims

The main aims of the LPP are to:

1. Provide students with a practical learning experience with a Professional Placement Organisation (or individual practitioner) in the Indonesian legal environment;
2. To develop students' knowledge of Indonesian law and legal practices, and the application of these legal concepts and practices within Indonesia's legal sector; and
3. To enhance bilateral understanding through the creation of new partnerships between Australian and Indonesian counterparts, and serve as a medium for the exchange of ideas in the field of law.

Supervision

An Academic Program Officer (APO) will be appointed for the duration of the LPP to provide academic supervision of the program. The APO also acts as the primary source of

guidance and advice for students. The APO is available for student consultations on a regular schedule (see page 2) or by appointment.

Participants will also be allocated a workplace mentor at their respective professional placement organisation who will manage the student's work within the organisation for the duration of the student's placement. Participants must endeavour to regularly meet with their professional placement mentor (as a guide, approximately three times a week) throughout the placement. Over the course of the program, the APO should be invited to attend at least two meetings between the student and their professional placement organisation mentor.

All Acicis programs operate under the direction of the Acicis Resident Director, Dr Adrian Budiman, assisted by administrative staff in both Australia and Indonesia. Acicis' administrative staff will check in with participants throughout the program and are available during business hours to assist with any concerns.

Structure and Schedule of Learning Activities

The LPP will run from 20 November - 24 December 2025. The structure of the program is as follows:

- 40 hours of intensive Indonesian language classes at Atma Jaya University, designed to give participants basic Indonesian language capacity;
- 30 hours of seminars, tutorials, and fieldtrips experts and practitioners from Indonesia's legal sector; and
- A 160-hour supervised professional placement to give participants an (English-speaking) professional experience, within an Indonesian or international organisation operating within Indonesia's legal sector.

Professional Placement Options and Selection

In their initial program application, students are asked to nominate sectoral interests and preferred professional placements. A student's preferences will be considered alongside their academic record, demonstrated skill set, relevant work experience, and professional placement organisation requirements in order to assign the student to a placement that is appropriate to both student and professional placement organisation.

The Academic Program Officer and Acicis Resident Director manage selection and professional placement allocation. Professional placement organisations are encouraged to provide details in advance of preferred or required candidate skill sets for their workplaces.

Acicis will confer with professional placement organisations prior to confirming students' placements. Professional placement organisations may nominate to review participant

qualifications or to arrange an interview over ZOOM or phone prior to accepting a practicum candidate.

Educational Principles and Graduate Attributes

Through the LPP, students are encouraged and assisted to:

- Develop and apply their academic skills and knowledge in real-life legal workplace;
- Make a valued contribution to the professional placement organisation;
- Enhance employability by increasing awareness of employers' expectations of performance and conduct;
- Enhance their understanding of Indonesian organisational culture;
- Gain first-hand experience of the challenges of intercultural management and communication;
- Establish networks and contacts with professionals working within Indonesia's agriculture sector; and
- Increase their knowledge of Indonesian law and legal practices, and the applicability of these concepts and practices to the Indonesian context.

Learning Outcomes

Students who complete the LPP successfully should be able to:

- Apply legal knowledge and academic skills to a workplace environment;
- Identify and analyse real-life legal problems;
- Perform tasks set by an employer to a satisfactory standard;
- Critically reflect and report on experience in the workplace;
- Demonstrate sound cross-cultural communication skills and cross-cultural teamwork behaviour; and
- Respect diversity in a range of academic and professional environments.

Teaching and Learning Strategies

Students undertake an unpaid professional placement (160 hours) in a work environment in Indonesia under the professional supervision of a professional placement organisation mentor as well as the academic supervision of the Acicis LPP Academic Program Officer. This experience is augmented by a 70 hours course of study conducted at Atma Jaya University. This course of study consists of compulsory Indonesian language classes as well as a series of industry seminars, tutorials and field trips designed to equip students with an understanding of Indonesia's legal system.

Evaluation

Throughout the program, the Academic Program Officer will conduct monitoring visits to each student's workplace to garner feedback from both student and the professional

placement organisation mentor. Upon completion of the program, students are invited to provide specific feedback to the Academic Program Officer at a final debriefing session. Students are also asked to complete an anonymous online student feedback survey to assist Acicis in improving the quality of subsequent iterations of the program.

Attendance

Students must attend a minimum of 80% of all language classes, seminars, tutorials and field trips, as well as the professional placement to satisfactorily complete the program. Without good reason and the permission of their Professional Placement Organisation mentor, students must attend their placement during all contracted working hours.

Assessment

Upon completion of the program, the LPP Academic Program Officer provides a student's home university with a two-page 'Student Outcome Evaluation' report detailing the student's academic performance on the program. Student performance will be assessed only as 'Satisfactory' or 'Unsatisfactory' (equivalent to an 'ungraded pass/fail').

The student's professional placement organisation workplace mentor is also required to provide a brief report on the student's activities and performance while undertaking their placement. This includes evaluation of a student's professional demeanour and conduct, their ability to reflect critically and adapt to issues encountered in the workplace, their approach to work, and their demonstrated cross-cultural communication skills (both oral and written). Assessment of the academic components of the program will be carried out by the Acicis Academic Program Officer.

To complete this program satisfactorily, students must demonstrate the ability to perform tasks in a workplace, at a satisfactory standard, as well as to reflect on the experience and relate it back to their academic studies. Students must attend a minimum of 80% of scheduled language classes, industry seminars, tutorials and fieldtrips, as well as achieve a grade of at least 60% in the Indonesian language component.

A student's home university retains the right to set and grade other assessment tasks related to the program. While Acicis makes a recommendation about the appropriate level of academic credit to be awarded upon a student's successful completion of the program, it is up to the home universities to determine their own protocols and rules for awarding academic credit to students who undertake and successfully complete the program. Home universities are able to adjust Acicis' recommended LPP assessment weightings to suit home institution requirements.

Assessment Mechanisms

The following components are used to inform the Acicis LPP Academic Program Officer's 'Student Outcome Evaluation' report. Students are required to satisfactorily complete all components in order to achieve an overall grade of 'Satisfactory' for the program:

#	Component	Weighting	Notes
1	Indonesian Language Classes	10%	Undertaken at Atma Jaya University - assessments Language administered by Atma Jaya University's Language Teaching Centre through regular assignments and written tests.
2	Seminar series and Field Trips	10%	Attendance at, and participation, all seminars and field trips organised by Acicis is required. Evidence of familiarity with set readings will be assessed through seminar participation.
3	Professional Placement	40%	Professional placement organisation workplace mentor to submit an evaluation to the LPP Academic Program Officer (APO); APO to gauge performance based on monitoring visits and discussions with Professional Placement Organisation mentor and student.
4	Reflective Journal	20%	Weekly submissions are to be submitted electronically to the APO by 11:59 PM on 5, 12 19 and 24 December . Evidence of familiarity with set readings will be assessed through reflective journal submissions.
5	Practicum Report	20%	Students are to submit a 2,000 - word report on a contemporary issue within the Indonesian context relevant to their field of study by 11:59 PM on Saturday, 27 December to be assessed by the APO.

Assessment Component Details

The LPP are designed to meet the equivalency requirements of is designed to meet the Australian university equivalency requirements of half of a full-time semester load (0.25 EFTSL) at Acicis member universities, and includes the following assessable components:

1. Indonesian Language Classes (40 hours)

Students are required to attend 40 hours of intensive classes in Indonesian language and culture at Atma Jaya University to develop language skills that will help them operate more effectively in their professional placements and the wider Indonesian community. Students sit a placement test on the first day of orientation and be placed in Beginner, Intermediate or Advanced Indonesian language classes at Atma Jaya's Language Teaching Centre. Students will be assessed on four macro skills areas: Listening, Speaking, Reading, and Writing. Students will sit a final language exam and be given a percentage mark and grade for this assessment component. To be awarded an overall 'Satisfactory' grade for the LPP participants must achieve a mark of at least 60% for this component.

2. Seminar Series and Field Trips (30 hours)

The Seminar Series and Fieldtrip component of the LPP consists of six seminars and two field trips. Students are expected to attend and participate actively in a minimum of 80% of all scheduled seminars and field trips. Prior to each seminar, students are required to complete a number of set readings. Students must demonstrate adequate preparation for each seminar and field trip through informed contributions to discussions and activities in order to pass this component. Lively discussion groups and Q&A sessions will be a key aspect of these sessions. Please see [Appendix I](#) for more detail about this component of the program. A marking rubric for the component is provided in [Appendix IV](#).

3. Professional Placement (160 hours)

Students undertake a supervised professional placement at a participating professional placement organisation. Required tasks will vary depending on the professional placement organisation. Without good reason and the permission of their professional placement organisation mentor, students must attend their placement during all contracted working hours. Furthermore, students must satisfy both their professional placement organisation and the LPP Academic Program Officer that they have performed all assigned tasks to a satisfactory standard. On completion of the practicum, the professional placement organisation mentor will be asked to evaluate the student's performance. The mentor will be asked to comment on criteria related to both generic skills (e.g. interpersonal, communication, professionalism, initiative) and discipline-specific knowledge. A marking rubric for the component is provided in [Appendix IV](#).

4. Reflective Journal: 300 - 500 words (30 hours)

The purpose of the Reflective Journal is to encourage critical thinking and reflection from students on their theoretical and vocational learning processes while on the LPP. It should serve as a space in which students are able to reflect on the challenges and rewards of working in a cross-cultural professional environment, and guide students' workplace tasks week-by-week based on input from their LPP Academic Program Officer and workplace mentor. The reflective journal should also demonstrate evidence of a student's understanding of set course readings and ability to relate these readings to their practicum experience.

To complete the Reflective Journal, students are required to:

- Complete a set of required readings on cross-cultural learning and self-reflective learning. The list of readings is provided at [Appendix II](#).
- Keep a weekly log of activities and duties performed in the workplace during their professional placement to be submitted at the end of each week of the placement to the LPP Academic Program Officer. Students should provide a brief account (no more than 1-2 paragraphs each day) of observations, challenges, learning experiences, or unexpected outcomes. Students should note down any important meetings they attended or interesting stakeholders with whom they met.
- Some questions students may like to reflect on at the end of each week might include, but are not limited to:
 - How did your daily tasks contribute to your project's end goals?
 - Did you come up against any hurdles this week (and if yes, how did you overcome them?)
 - How do you find working in a cross-cultural environment?
 - Do you notice different styles of management or teamwork in your Indonesian workplace compared with your home country?
 - How does this compare with workplaces in which you have worked previously?
 - How does your experience in the workplace compare with your university studies in this field previously?
 - Describe your organisation's location in the broader context of the Indonesia's legal sector.

Reference and reflect on the set readings and seminar topics.

Students are encouraged to use the Reflective Journal to record and elaborate on the significant issues encountered during each week of their professional placement, and to talk these through with their professional placement organisation mentor and/or the Academic Program Officer wherever possible.

A useful way to complete the Reflective Journal can be for students to complete this in Microsoft Word or Excel as the last task done each day (for 10 -15 minutes) prior to leaving the office. Students can then – on Fridays – allocate around 20 minutes to jot down their longer weekly reflections. Weekly logs are to be submitted to the Academic Program Officer electronically by **11:59 pm on 5, 12, 19 and 24 December**.

A template for the Reflective Journal is provided in [Appendix II](#). A marking rubric for this assessment component of the LPP is provided in [Appendix IV](#).

5. Practicum Report: 2,000 words (40 hours)

Students are required to complete a 2,000-word report on a contemporary issue related to the Indonesian legal system. A list of report topics from which students may choose is provided in [Appendix III](#). Alternatively, students may request permission to work on an alternative topic, with the approval of the LPP Academic Program Officer. The aim of this report is to encourage students to think critically about law and legal practices in the Indonesian context. In writing the report, students are expected to draw on a range of secondary sources (academic journal articles, research papers, books, and online articles) as well as their experience of observing and participating in Indonesia's legal sector first-hand through the LPP program. A fuller description of the practicum report assignment can be found in [Appendix III](#). A marking rubric for this component is provided in [Appendix IV](#).

Award of Grade for the Course

Both the student and the student's home university will receive a copy of the LPP Academic Program Officer's student outcome evaluation report as well as an official academic transcript from Atma Jaya University. These assessment documents will be sent electronically from the Acicis Secretariat in Perth within six weeks of a student's completion of the program. The home university may choose to award a numerical grade or an ungraded pass/fail on the basis of these documents and any additional home university assessment requirements for the program. Detailed marking rubrics for assessment items 2, 3, 4 and 5 (seminar series, professional placement, reflective journal, and LPP report) are provided in [Appendix IV](#). These rubrics are provided as background information to students and home university course coordinators regarding how the Acicis LPP Academic Program Officer assesses these particular assessment items and their contribution to a student's overall grade of 'Satisfactory' or 'Unsatisfactory' for the program.

Students will be assessed on their:

- Ability to accept feedback
- Level of initiative and awareness and acceptance of personal limitations;
- Demonstrated willingness to reassess their own practice in light of feedback; and
- Reflection on overall work experience and their expectations.

Overall students should reflect on:

- The degree to which you were able to draw on your existing skills and experience?

What knowledge did you gain during the placement?

- How did you feel you related to staff at your professional placement organisation, and the organisation's other stakeholders? What techniques or strategies did you find useful in building rapport with others?
- How did you feel about any differences in culture or communication encountered while working at your professional placement organisation? How successful do you feel you were at "fitting in?" How did the way you presented yourself affect the way that others related to you?
- How did you develop your professional skills? How successful were you at working autonomously, or within a team? How did you exercise initiative in your position? In what ways were you required to be flexible in your role? What might you do differently to be more effective if you had the opportunity again? What advice might you give another student about undertaking the LPP?

- What were the most enjoyable elements of the experience? What were the least enjoyable elements of the experience?

Appendix III: Practicum Report Outline

Assessment

As part of the overall assessment load of the LPP program, students are required to complete a 2,000-word report on a contemporary theme related to agriculture in Indonesia. The aim of the report is to encourage students to think critically about contemporary practices within Indonesia's agriculture sector by drawing on a range of secondary sources (academic journal articles, research papers, books and online articles), as well as the experience of observing and participating in the Indonesian legal sector firsthand through the LPP program.

Students should choose **one** of the topics below to serve as the basis for their Practicum Report:

1. Investigating a range of behavioural consequences as a result of the differing cultural beliefs that underpin legal interaction.
2. Examining the practical effects of legal pluralism in a transplanted legal system like Indonesia.
3. Uncovering various forms of (mis)translation and indigenisation of Western key legal notions.
4. Inspecting the parallels and contrasts between Australia's and Indonesia's legal systems.
5. Identifying and analysing the primary impediment that renders universal human rights standards in Indonesian law problematic.
6. Examining what is the best course of action for a developing jurisdiction to approach environmental challenges.
7. Investigating alternative proposals for achieving a balance between human and environmental interests that can be enacted into legislation.
8. Exploring the best path ahead for developing economies to be more environmentally or human rights conscious through legal development.
9. Identifying and investigating several potential options for an international development organisation to take in order to make a more meaningful contribution to the establishment of more effective law reform in recipient nations.
10. Examining some of the lessons that might be drawn from the law and development project's "failure".
11. Examining the interplay between international and foreign laws in promoting domestic legal development in the developing nations.
12. Examining the different difficulties that have arisen as a result of the globalisation of legal education in the context of legal development in the developing nations.

Alternatively, students may suggest their own topic, in consultation with, and the approval of, the Academic Program Officer.

An example of the structure of the report will be provided.

Learning Outcomes

Following the completion of the practicum report, students should be able to:

- Identify a contemporary legal issue in Indonesia, and its related sub-issues;
- Analyse the history of this issue in Indonesia;
- Situate the issue in the contemporary Indonesian context, and identify the key stakeholders involved;
- Critically reflect on the relationship between theory and practice;
- Identify and analyse how the activities of their practicum professional placement organisation relate to this issue; and
- Offer recommendations or suggestions as to how this issue or field of practice might be ameliorated/ developed in Indonesia in the future, based on the academic literature and student's own observations on the LPP.

Weighting & Grading

The thematic practicum report is worth 20% of a student's overall participation mark on the LPP program, along with language classes (10%), seminar and field trip attendance (10%), reflective journal (10%) and professional placement (50%). In accordance with Acicis' final grading of 'Satisfactory' or 'Unsatisfactory', the practicum report will be graded on a 'pass/fail' basis with extensive feedback provided by the LPP Academic Program Officer on a student's topic selection, analysis, quality and breadth of case studies and references used, and insightfulness of observations drawn from a student's own experience on the LPP.

Students are advised to consult with the Academic Program Officer regarding topic selection and suitability to individual LPP placements. Please do this by: **Friday, 5 December 2025.**

Formatting and Referencing

Students should format their practicum report in Calibri or Times New Roman font, 11 or 12 point; double-spaced and justified. The report must be completed to an academic standard. Students should include a bibliography with the standard Harvard referencing (including page numbers). Footnotes can be included, if they are relevant to, and support, the argument. Students are advised to consult their home university learning resource pages for more information on academic referencing.

Deadlines

- Consult with APO on topic selection and suitability no later than: **Friday, 5 December 2025.**
- The LPP report is due: 11:59, Sunday, 27 December 2025.

Acicis gratefully acknowledges the financial and in-kind support it has received from the Australian Government's New Colombo Plan Mobility Program, which has partially funded the development of Acicis' Law Professional Practicum during the period 2019 – 2025 through the provision of student mobility grants. The New Colombo Plan is a signature initiative of the Australian Government which aims to lift knowledge of the Indo-Pacific in Australia by supporting Australian undergraduates to study and undertake professional experiences in the region. For more information on the New Colombo Plan, please visit: <https://www.dfat.gov.au/new-colombo-plan/>.

Acicis also gratefully acknowledges the significant assistance and input provided by Curtin University, Flinders University, Macquarie University, Monash University, Murdoch University, SOAS University of London, UNSW Australia, The University of Sydney, University of Tasmania, and University of Technology Sydney in the drafting and design of this LPP Course Outline.

Acicis is gratefully hosted by The University of Western Australia (UWA), one of Australia's leading teaching, learning and research universities. From its heritage riverside campus in Perth, UWA is consistently ranked in the top 100 universities in the world and is a national leader in student demand, graduate starting salaries, research grants and more.
